# Sponsorship Opportunities

Where communities, business, and policy leaders link strategies, resources, and partners to accelerate provincial prosperity.

In 2026, Saskatchewan's leading economic development gathering brings together municipal leaders, Indigenous governments, regional alliances, business, social enterprise, and funding partners to 'connect the dots'—from innovation to implementation, from local insights to provincial impact. Over two days (plus targeted preconference sessions), the Summit curates practical models, effective strategies and peer-tested tools so sponsors can be part of the coalition moving our province forward.

The Summit's 'Connecting the Dots' theme is about linking partners, sectors, and strategies—so your sponsorship is tied to outcomes, not just visibility.

Join delegates, including:

- Elected leaders & administrative staff (policy & governance lens)
- Economic development officers & regional alliances (project delivery)
- Recreation & community development professionals (place-based activation)
- Socio-economic innovation networks & social enterprise leaders (systems change)
- Funding agencies & private sector partners (capital + capacity)

'Connecting the Dots' isn't about finding a single "silver bullet"—it's about aligning North Star goals with practical model and potential partners. This Summit turns promising ideas into realistic initiatives by linking communities, innovators, funders, and community builders. Sponsors help make these connections visible and viable—powering sessions and navigating paths to prosperity - moving projects from talk to traction.

### **2026 Summit Collaborators**

Joining the Saskatchewan Economic Development Alliance (SEDA) are two provincial organizations whose mission and ongoing work intersects with the Summit's goals.

The Saskatchewan Indigenous Economic Development Network (SIEDN) and Saskatchewan Parks and Recreation Association (SPRA) bring cross-sector connectivity that is central to comprehensive economic development.
